BACKGROUND

This information package presents summary Year 12 student achievement data for schools that had Year 12 students in 2014.

Context for 2014

2014 was the fifth year that schools could select from the full list of 52 Western Australian Certificate of Education (WACE) courses. Each school offered its students a range of these courses.

The 2014 data include achievement in the following WACE courses:

Aboriginal and Intercultural Studies	Geography
Aboriginal Languages of WA	German
Accounting and Finance	Health Studies
Ancient History	Human Biological Science
Animal Production Systems	Indonesian: Second Language
Applied Information Technology	Integrated Science
Automotive Engineering and Technology	Italian

Building and Construction	Marine and Maritime Technology
Business Management and Enterprise	Materials Design and Technology
Career and Enterprise	Mathematics (2A/2B, 2C/2D, 3A/3B, 3C/3D)
Chemistry	Mathematics: Specialist (3A/3B, 3C/3D)
Children, Family and the Community	Media Production and Analysis
Chinese: Second Language	Modern History

Food Science and Technology	Visual Arts
French	Workplace Learning

Examinations in these courses were compulsory for Year 12 students who were studying a pair of Stage 3 units, unless they were exempt. Students who were studying a pair of Stage 2 units could elect to sit the examination since, for these courses, examinations were not compulsory.

In 2014, there were 16,837 Year 12 students (Note: Half cohort of Year 12 students). Comparatively, there were 24,556 in 2013, 23,879 in 2012, 23,564 in 2011, 23,153 in 2010 and 21,561 in 2009.

Of these 16,837 Year 12 students, 15,607 were eligible for a WACE.

Interpreting data tables

The data tables are about the achievement of students at schools and should not be used to draw simplistic conclusions about the performance of schools. The following general qualifiers should be recognised:

- in 2014, there was a half cohort of Year 12 students
- as a result of the half cohort of Year 12 students, some schools that would normally appear in the tables have not been included. In 2014, these schools had fewer than 20 full-time eligible Year 12 students or fewer than 50 Stage 3 unit pairs
- many factors affect student achievement, some of which are outside the control of schools. These include differences in ability, cultural and language background, educational background of parents and economic differences
- no single table or data source should prevail in drawing conclusions about the performance of students at schools. A more realistic picture is gained from a composite view of all tables
- the statistics of a single year should not be considered in isolation, rather the trend or pattern over a number of years should be considered
- small numbers of candidates at a school can bias inferences, particularly with percentages.

The data that will be of interest to the community are the proportions, at each school, of:

- students who sat the WACE course examinations and who achieved a WACE course score of 75 and above
- students who sat the WACE course examinations and who achieved a WACE course score of 65 and above
- VET students in a school who completed at least one Australian Qualifications Framework (AQF) VET Certificate I or higher qualification.
- VET students in a school who completed at least one Australian Qualifications Framework (AQF) VET Certificate II or higher qualification.

There are three sets of tables presented.

1. Table 1 identifies first 50 schools, in rank order, for each of the criteria mentioned above.
2. Table 2 lists all schools, in alphabetical order, for each of the criteria mentioned above, plus WACE achievements, WACE course unit completions for each school, WACE course unit achievements at Stage 2 and Stage 3 for each school, schools with the highest achieving students in each Stage 2 and Stage 3 WACE course, VET participation and qualifications achieved for each school and endorsed program completions for each school.
3. Table 3 presents the Year 12 State statistics for 2014.

- There were 9,152 Year 12 students (58.6 per cent of Year 12 students who undertook full time studies towards the WACE) who sat four or more WACE course examinations in 2014. In 2013, there were 13,205 Year 12 students (57.6 per cent) who sat four or more WACE course examinations.
- In 2014, Stage 2 examinations were not compulsory and there were also fewer Year 12 students who sat four or more WACE course examinations due to the half cohort.
- Students who sit four or more WACE course examinations are eligible for an ATAR.

WACE courses

- In 2014, 15,604 (22,933 in 2013, 21,937 in 2012) Year 12 students completed at least two WACE course units. Of these, 8,154 (52.2 per cent) achieved an A grade in at least one course unit. In 2014, 1064 students achieved Certificate III and 263 students achieved a Certificate IV. The respective numbers in 2013 were 1,272 and 319 in 2012 were 835 and 272.
- In 2014, the five most popular qualifications were Certificate II in Business, Certificate II in Information, Digital Media and Technology, Certificate II in Visual Arts, Certificate II in Engineering and Certificate II in Sport and Recreation.

School profile

The following table shows the number of schools from each system/sector and metropolitan and country region.

System/Sector	Region	Number			Total		
		2012	2013	2014	2012	2013	2014
Public	Metropolitan	61	60	63	91	95	92
	Country	30	35	29			
Catholic	Metropolitan	29	29	27	36	36	33
	Country	7	7	6			
Independent	Metropolitan	45	44	37	50	50	41
	Country	5	6	4			

In 2014, there were 28 (31 in 2013) public schools, 6 (2 in 2013) Catholic schools and 26 (19 in 2013) independent schools that had fewer than 20 full-time eligible WACE Year 12 students. These schools are omitted from the attached tables.

Senior campuses (Cyril Jackson Senior campus and North Lake Senior campus), senior colleges (Canning College and Tuart College), overseas schools, the Schools of Isolated and Distance Education and primary schools are also omitted.

Achievement Tables

2014

2014 Student Achievement Tables

(Note: As a result of the half cohort of Year 12 students, some schools that would normally appear in the tables have not been included. In 2014, these schools had fewer than 20 full-time eligible Year 12 students or fewer than 50 Stage 3 unit pairs.)

The following tables present a number of different ways to represent the relative achievements of students at different schools. These tables do not contain information about the 'value adding' of schools to each of their students over their years of senior secondary schooling. A school may appear in none of these tables but may have improved, significantly beyond expectation, the achievements of its students during these years.

Each way of presenting data has its limitations, and conclusions drawn from these tables must be made cautiously. For example, and in relation to the 75+ table, a school may have a large number of students with WACE course scores of 74, but no students with a Western Australian Certificate of Education (WACE) course score above 74, and hence the school will not appear in this table. Thus, failure to appear in this table does not imply that students at this school have not performed well.

Table 1: First 50 WACE course examinations schools (WACE Stage 3 course score of 75+)

This statistic is based on the count of Stage 3 courses in a school where a WACE course score of 75 or above was achieved. This count of courses takes into account students who achieved at this level in one or several courses (e.g. a student who achieved four WACE course scores above 75 is included in the calculation four times). This count is then converted to a percentage of the total Stage 3 courses examined at the school.

The table recognises schools which have a high proportion of students who have achieved the excellent standard in a WACE course - i.e. a WACE course score of above 75.

Schools with fewer than 20 full-time eligible Year 12 students or with fewer than 50 Stage 3 unit pairs are not included.

Table2: First 50 WACE course examinations schools (WACE Stage 3 course score of 65+)

This statistic is based on the count of Stage 3 courses in a school where a WACE course score of 65 or above was achieved. This count of courses takes into account students who achieved at this level in one or several courses (e.g. a student who achieved four WACE course scores above 65 is included in the calculation four times). This count is then converted to a percentage of the total Stage 3 courses examined at the school.

The table recognises schools which have a high proportion of students who have achieved the excellent or high standard in a WACE course - i.e. a WACE course score of above 65.

Schools with fewer than 20 full-time eligible Year 12 students or with fewer than 50 Stage 3 unit pairs are not included.

Table 3a: First 50 VET schools – achievement

This table shows the percentage of VET students in a school who completed at least one Australian Qualifications Framework (AQF) VET Certificate I or higher qualification. Schools are ranked according to the percentage of students who have completed at least one AQF VET Certificate I or higher qualification.

Schools with fewer than 20 full-time eligible Year 12 students, or with fewer than 10 students enrolled in at least 1 VET unit of competency, are omitted.

Table 3b: First 50 VET schools – achievement

This table shows the percentage of VET students in a school who completed at least one Australian Qualifications Framework (AQF) VET Certificate II or higher qualification. Schools are ranked according to the percentage of students who have completed at least one AQF VET Certificate II or higher qualification.

Schools with fewer than 20 full-time eligible Year 12 students, or with fewer than 10 students enrolled in at least 1 VET unit of competency, are omitted.

First 50 VET Schools – achievement

A 'VET qualification' is a nationally recognised training qualification which is comprised of groupings of units of competency developed by industry. A 'full VET qualification' refers to completion of the required number of units of competency for a particular qualification.

Number of VET students

This column refers to the number of full-time eligible Year 12 students who were enrolled in at least one VET unit of competency.

Achieved a Certificate I+ in Year 12

This column refers to the number of VET students in the school cohort who have completed at least one AQF VET qualification at Certificate I or higher.

%

This column refers to the percentage of VET students in the school cohort who have completed at least one AQF VET qualification at Certificate I or higher.

Schools with fewer than 20 full-time eligible Year 12 students or with fewer than 10 students enrolled in at least 1 VET unit of competency are omitted.

The data in this table are about the achievement of students at schools and should not be used to draw simplistic conclusions about the performance of schools. The following general qualifiers should be recognised:

- many factors affect student achievement, some of which are outside the control of schools. These include differences in ability, cultural and language background, educational background of parents and economic differences
- no single table or data source should prevail in drawing conclusions about the achievement of students at schools. A more realistic picture is gained from a composite view of all tables
- the statistics of a single year should not be considered in isolation, rather the trend or pattern over a number of years should be considered
- small numbers of candidates at a school can bias inferences, particularly with percentages.

student achievement data

Table 1: 2014 WACE achievement

The following notes provide definitions and explanations of each of the data columns in Table 1.

Number F/T eligible Year 12 students.

This column provides the number of full-time eligible Year 12 students registered at the school.

A 'full-time' student is in Year 11 or 12 and has results for at least eight School Curriculum and Standards Authority course units (or equivalent) in the current year, and in addition is eligible to achieve a WACE. A 'result' in a course unit means the awarding of one of the grades A, B, C, D, E, or U (unfinished).

Achievement of a WACE signifies that a student has successfully met the breadth and depth, the achievement standard and English language competence requirements in their senior secondary schooling. For 2014 and beyond these requirements are:

Breadth and depth

Complete a minimum of 20 course units or the equivalent.

The 20 course units must include at least:

- four course units from English, Literature and/or English as an Additional Language or Dialect, studied during Year 11 and Year 12 (at least two of these units must be completed in Year 12)
- one pair of course units from each of List A (arts/languages/social sciences) and List B (mathematics/science/technology) completed in Year 12.

Achievement standard

Achieve a C grade average or better across the best 16 course units of which at least eight must be completed in Year 12.

P-Stage units, endorsed programs and/or VET credit transfer can reduce the required number of course units by up to six units.

English language competence

Achieve a C grade or better in any Stage 1 or higher course unit from English, Literature and/or English as an Additional Language or Dialect (except 1A and 1B for English as an Additional Language or Dialect).

For students who have not achieved a C grade in one of their English, Literature and/or English as an Additional Language or Dialect course units, schools will need to compare a selection of the student's work with the work samples provided by the School Curriculum and Standards Authority to verify the student has demonstrated the required standard.

Number

This column refers to the number of full-time eligible Year 12 students who achieved a WACE'.

Percentage

This column expresses the number of students who achieved a WACE as a percentage of all students eligible for a WACE.

General Points

- Schools with fewer than 20 full-time eligible Year 12 students are omitted.
- Canning College, Cyril Jackson Senior Campus, North Lake Senior Campus, Tuart College, overseas schools, Schools of Isolated and Distance Education and primary schools are omitted.
- 'All students' totals and percentages refer to totals and percentages for all eligible Year 12 students

Table 4a: 2014 schools with highest performing students in Stage 3 of each WACE course

This table lists, for each WACE course/stage, an alphabetical sort of schools with the highest performing students.

The list is compiled from the percentage of students at each school who achieved a WACE course score of 75 or more in Stage 3 of that course. Depending on the number of schools teaching Stage 3 of the course, up to 15 schools with the highest percentage are listed. This list recognises the strength of achievement of schools in Stage 3 of a particular course.

The list does not discriminate between schools with high or low enrolment in Stage 3 of the course. To be entered in this table, schools must have at least 10 students with a WACE course score in Stage 3 of the course. The WACE course listings do not include schools where fewer than 10% of students had WACE course scores of 75 or more.

WACE courses not listed have no eligible schools.

Schools with low enrolment may demonstrate anomalous results in any given year.

General Points

- Schools must have at least 10 students with a WACE course score in the course/stage.
- Canning College, Cyril Jackson Senior Campus, North Lake Senior Campus, Tuart College, overseas schools, Schools of Isolated and Distance Education and primary schools are omitted.

Table 5: 2014 Vocational Education and Training – participation and achievement

This table gives a breakdown of student participation and achievement in VET. VET in schools is often delivered as an option in the mainstream curriculum, and offers students practical learning, introduces them to the world of work and provides employability skills.

An AQF VET qualification is a nationally recognised training qualification which is comprised of groupings of units of competency developed by industry. The achievement of an AQF VET qualification refers to completion of the required number of units of competency for the particular qualification.

The following notes provide definitions and explanations of each of the data columns in Table 5.

Number F/T eligible Year 12 students

This column provides the number of full-time eligible Year 12 students registered at the school.

Completed at least one uoc in Year 12

These columns refer to the number and percentage of full-time eligible Year 12 students who completed at least one VET unit of competency.

Completed at least 220 nominal hours of VET study in Year 12

These columns refer to the number and percentage of full-time eligible Year 12 students who completed 220 or more nominal hours of VET in Year 12.

Completed Certificate I in Year 10 to Year 12

These columns refer to the number and percentage of VET students in the school cohort who have completed an AQF VET Certificate I over years 10 to 12.

Completed Certificate II in Year 10 to Year 12

These columns refer to the number and percentage of VET students in the school cohort who have completed an AQF VET Certificate II over years 10 to 12.

Completed Certificate III or higher in Year 10 to Year 12

These columns refer to the number and percentage of VET students in the school cohort who have completed an AQF VET Certificate III or higher over Years 10 to 12.

General Points

- Schools with fewer than 20 full-time eligible Year 12 students or with fewer than 10 students enrolled in at least 1 VET unit of competency are omitted.
- Canning College, Cyril Jackson Senior Campus, North Lake Senior Campus, Tuart College, overseas schools, Schools of Isolated and Distance Education and primary schools are omitted.

Explanatory notes for Year 12 statistical reports, 2014

These notes are provided to assist schools to understand the parameters used by the School Curriculum and Standards Authority in the compilation of the statistical reports on Year 12 State Statistics for 2014 (STS009). This report relates to the participation and achievement of Year 12 students.

STS009 – Year 12 State statistics

This report consists of seven sections and can be downloaded from SIRS using the following pathway:

reports > other reports > report type: statistics > report: STS009 – Year 12 State statistics or STS009 – Year 12 State statistics Part 2.

Section 1: Summary school statistics

1a Student population

This provides the number of Year 12 students who completed at least one course unit or equivalent and the number of 'repeaters', 're-enterers', overseas students and mature-age students.

Note: 'Completing' a course unit is defined as obtaining either a grade (A, B, C, D, or E) in the course unit or U notation.

'Repeaters' are Year 12 students who complete at least one course unit or equivalent in the year following first enrolment in Year 12.

'Re-enterers' are Year 12 students who complete at least one course unit or equivalent more than one year after first enrolment in Year 12.

'Mature-age' students were aged 19 or more on 1 March of the year in which their results were awarded.

1b Western Australian Certificate of Education (WACE)

This provides the number of full-time students who are eligible to achieve the WACE, achieve English language competence and who achieved the WACE.

The Western Australian Certificate of Education is awarded to students who have successfully met the requirements for breadth and depth, the achievement standard and English language competence in their senior secondary schooling.

For 2014, these requirements were:

Breadth and depth

Students must complete at least 20 units of which at least 10 must be from WACE courses.

The 20 units must include at least:

- four different course units from English, Literature and/or English as an Additional Language/Dialect studied during Year 11 and Year 12 (at least two of these must be completed in Year 12) and
- one pair of course units from each of List A (arts/languages/social sciences) and List B (mathematics/science/technology) in Year 12.

Achievement standard

Students must achieve a C grade average or better across the best 16 course units of which at least eight must be completed in Year 12.

Preliminary Stage units, endorsed programs and/or VET credit transfer can reduce the required number of course units by up to six units.

English language competence

Students must achieve a C grade or better in any Stage 1 or higher course unit from English, Literature, and/or English as an Additional Language or Dialect (except 1A and 1B for English as an Additional Language or Dialect).

When students have not achieved a C grade in one of their English, Literature and/or English as an Additional Language or Dialect course units, schools may alternatively determine that a student has met the standard for English language competence through a review of samples of work by the student.

The detailed requirements for achievement of the WACE are provided in the information paper *The WACE – Your Guide to the Western Australian Certificate of Education, Statement of Results and Course Report 2014* and also on the Authority's website at

http://www.scsa.wa.edu.au/internet/Senior_Secondary/Certification_Student_Achievement.

It has been agreed, in consultation with stakeholders, that the percentage of graduating students is calculated from a base population consisting only of those full-time Year 12 students who could have achieved the WACE (if they had achieved at a suitable standard). The population of full-time students eligible to achieve the WACE is also used as a base when calculating the numbers of WACE examination students, course unit students and VET students.

1c WACE course unit students

This provides the number of full-time students who are eligible to achieve the WACE, and who obtained a grade of A, B, C, D or E (or a U notation in exceptional circumstances) in at least two course units. Also included is the number of these students who obtained a grade of A in at least one course unit.

Generally, students taking fewer than four pairs of course units at Stage 2 or Stage 3 in Year 12 are not able to obtain an ATAR, so they may be regarded as not aspiring to university study in the following year.

1d WACE examination students

This provides the number of students who are eligible to achieve the WACE, and who obtained four or more WACE course scores. Usually students aspiring to enter university need at least four scaled scores to obtain an ATAR. Also included is the number of these students who obtained a WACE course score of 75 or more.

1e VET students

This provides the number of full-time students eligible to achieve the WACE who enrolled in at least one VET unit of competency in Year 12.

Also reported are the number of students who achieved one or more VET qualification/s in Year 10, Year 11 or Year 12 and the number of students who achieved a Certificate II or higher in Year 10, Year 11 or Year 12.

Students in this category may also be included in category 1c or category 1d.

1f Endorsed program students

These students are defined as full-time students who are eligible to achieve a WACE, and who were enrolled in at least one endorsed program.

Also reported is the number of students who achieved a result in at least one endorsed program.

Students in this category may also be included in category 1c or category 1d.

Section 2: WACE course units

Table 2 shows the distribution of full-time students eligible to achieve the WACE, by the number of course units completed by each student.

Section 3: WACE course examinations

Table 3 shows the distribution of full-time students eligible to achieve the WACE, by the number of WACE course examinations sat by each student. Sub-totals show the number of students who sat the WACE examination (Stage 2 or Stage 3) in enough courses to obtain an ATAR (at least four) and the number who sat the WACE examination in less than four courses. The number of WACE course examinations sat by a student is defined as the number of WACE course scores obtained.

Section 4: VET studies

VET credit transfer units of competency count towards achievement of the WACE. Where VET units of competency are integrated in Authority courses, they cannot be used to claim VET unit equivalents.

Table 4a shows the distribution of unit equivalents achieved for VET units of competency amongst full-time students eligible to achieve the WACE. A total of 55 nominal hours of VET credit transfer units of competency is equivalent to one course unit.

Table 4b shows the distribution of VET qualifications achieved amongst full-time students eligible to achieve the WACE. Students who have achieved more than one VET qualification will be counted as many times as they have achieved qualifications.

Section 5: Endorsed programs

Endorsed programs count towards the achievement of the WACE.

Table 5 shows the distribution of unit equivalents achieved for endorsed programs amongst full-time students eligible to achieve the WACE. A unit equivalent of an endorsed program is equivalent to one course unit.

Section 6a: Summary of students' results by grade for course units

Table 6a shows the number and percentage of Year 12 students awarded each of the grades (A, B, C, D and E) for each WACE course unit by gender. In addition, statistical tests have been carried out to compare the performance of:

- i) males against females within the school group and within the State
- ii) the school group against the whole State cohort.

Under the heading ***better performing group*** the following entries may be found:

Entry	Meaning
Males	In this school, males had higher grades than females.
Females	In this school, females had higher grades than males.
School	Students in this school had higher grades than the State average.
State	Students in this school had lower grades than the State average.
NS	The statistical test showed no significant difference between groups.
-	No test was carried out because there were not enough candidates.

Section 6b: Summary of students' completions for P Stage course units

Table 6b shows the number of Year 12 students who completed P Stage course units by gender.

Section 7: Summary of WACE course scores

Table 7 shows the distribution of WACE course scores achieved by students for each Stage 2 and Stage 3 course (i.e. pair of units) offered at a school.

This distribution is shown in two ways:

- i) summary statistics of mean, maximum, minimum and standard deviation of WACE course scores
- ii) counts and percentages of students with WACE course scores in each of the five achievement bands (or standards).
